Conference Consultant: Sharon Kreuger

**NEWS FROM THE SEMCDFA
BOARD PRESIDENT**

Your SEMCDFA Board Members would like to wish you a healthy and prosperous New Year. As members of SEMCDFA, we have accepted the important responsibility of helping our students and/or our clients to have a healthy and prosperous life, the kind of life that is made possible by understanding oneself, having meaningful goals, and pursuing the skills and resources necessary to meet those goals. When we come together as a group, we are able to share our resources that help us and others to achieve these life-long learning goals.

At our business meeting, we have two important goals to achieve to keep our organization strong. Once again we will be selecting new officers. If you are interested in an office, please contact a Board member so that your name can be added to the slate. Second, it is time to finalize the revisions to our By-laws and Constitution. After five years, the career climate has changed and it is our hope to maintain the flexibility to adapt to your changing needs. Remember, **YOUR VOTE IS IMPORTANT!** Blessings.
